INTRODUCTION

- This instruction packet has been developed to help you with completing the immunization reporting survey.
- See Nevada's current immunization requirements at https://dpbh.nv.gov/Programs/SIP/dta/School_Requirements/School_Requirements/

Grades Reported

For all questions, include all current students enrolled in kindergarten, seventh (7th), and twelfth (12th) grades only.

- Per Nevada Revised Statutes (NRS) 392.435, public schools and the governing body of each charter school are required to report to the Division of Public and Behavioral Health the exact number of students who have completed the immunizations required for enrollment by December 31st of each year.
- Per Nevada Revised Statutes (NRS) 394.192, each private school is required to report to the Division of Public and Behavioral Health the exact number of students who have completed the immunizations required for enrollment by December 31st of each year.
- Do not include information on pre-school or pre-K students in the responses.
- Children who are students of distant learning programs (such as online schools) that participate in any activities on a school campus, such as sports, should be included in your school's total count.
- Please review and validate the online information prior to submitting your school's immunization information.
- Please fill out all required sections. Do not leave any sections blank.
- You will not be able to complete the survey unless entry is made in all fields.
- If your school's information is incorrect, you will be contacted by the Nevada State Immunization Program.
- If you do not submit your immunization information by December 31st, you will be contacted by the Nevada State Immunization Program.

Exclusion from Reporting

- Children who are entirely home-schooled and do not participate in any activities on a school campus do not need to be included in the school immunization reporting.

Access to Rate Reporting Surveys

To access the annual immunization reporting survey online:

- Go to
  - https://dpbh.nv.gov/Programs/Immunization/School_and_Childcare/School_and_Child_Care_Immunizations/
- Scroll down to the middle of the page and click on "School Survey."
- Reports must be entered online by December 31st of the reporting year.

- See the following instructions for school immunization reporting submission.

Getting Started

- Collect student immunization reports, using Infinite Campus for public schools, for all kindergarten, 7th grade, and 12th grade students.
- See APPENDIX A: IMMUNIZATION REQUIREMENTS RESOURCES for
  - Nevada immunization requirements and resources.
- Each school will submit the total counts rather than immunization percentages.
- Schools with multiple campuses must submit each school separately. For example, Sunshine School has three campuses and will submit information on immunization separately for the Happy Campus, the Smile Campus, and the Bright Campus.
- Once you access the survey link, you will be redirected to a separate page.
- Fill out all required sections. Do not leave any sections blank.
- You will not be able to complete the survey unless entry is made in all fields.

General Information

Nevada School Immunization Rate Reporting Survey

AAA

Please complete the survey below. If you have questions, please reach out to Vickie Ives and Tami Conn at nviz@health.nv.gov

Thank you!

Collecting Data

- Please collect immunization records for students enrolled in your school to complete the survey.
  - If you are a Public School
    - Appendix B: Infinite Campus Instructions for Infinite Campus instructions
  - If you are a private school
    - See APPENDIX C: SAMPLE IMMUNIZATION RECORD, APPENDIX G: KINDERGARTEN GRADE TALLY SHEET, APPENDIX H: SEVENTH (7th) GRADE TALLY SHEET,
    - APPENDIX I: TWELFTH (12th) GRADE TALLY SHEET
    - for an example of an immunization record and templates
      - Use the private school tally sheets (kindergarten, 7th grade, and/or 12th grade) to help in evaluating the immunization status of your school.
      - Do not submit tally sheets to the Nevada State Immunization Program.

Kindergarten Grade

- Answer the question, "Do you have students enrolled in kindergarten?"
- If you have students enrolled in kindergarten, click the "Yes" button.
- If you do not have students enrolled in kindergarten, click the "No" button.
- Click the "Next Page" button.
- If you clicked "Yes", you will be directed to answer kindergarten questions.
- If you clicked "No", you will be directed to the 7th grade section.

Students Enrolled in Kindergarten (See APPENDIX D: KINDERGARTEN GRADE QUESTIONS)

- Please answer questions for the following vaccines only: DTaP, Hep A, MMR, Hep B, Polio, and Varicella.
  - See Appendix B: Infinite Campus Instructions for Public School Infinite Campus instructions
- (Question 1)
  - Total enrollment: the total number of kindergarten students in your school.
- (Question 2a, 2b, 2c, 2d, 2e, 2f)
  - Up-to-date (UTD) by vaccine: count the number of students who are up-to-date for each of the vaccines listed on the survey. Do not count medical exemptions, religious exemptions, and conditional enrollments as UTD. UTD is defined as receiving all required vaccines at the youngest recommended age per the recommendation of the Centers for Disease Control and Prevention (CDC) Advisory Committee

on Immunization Practices (ACIP) as of June 24, 2025 per the Nevada ACIP BOH DPBH Technical Bulletin March 2026.

- (Question 3)
  - Total number medically exempt: the parent/guardian has provided a Nevada Division of Public and Behavioral Health State Medical Immunization Exemption Certificate signed by a licensed physician (MD or DO) or an Advanced Practice Registered Nurse (APRN) stating that the medical condition of the student will not permit the student to be immunized.
- (Question 3a, 3b, 3c, 3d, 3e, 3f)
  - Medical exemptions by vaccine: count the number of students who have medical exemptions for each of the vaccines listed on the survey.
- (Question 4)
  - Total number religiously exempt: a Nevada Division of Public and Behavioral Health State Religious Immunization Exemption Certificate was provided by the parent/guardian who prohibits the immunization of the student due to religious beliefs.
- (Question 4a, 4b, 4c, 4d, 4e, 4f)
  - Religious exemptions by vaccine: count the number of students who have religious exemptions for each of the vaccines listed on the survey.
- (Question 5)
  - Total number exempt to all required vaccines: the student has a medical or religious exemption from all required vaccines. Count the number of students who are exempt from all required vaccines for kindergarten entry.
- (Question 6)
  - Total number with documented varicella disease: count the number of students who have had the varicella disease.
- (Question 7)
  - Total number conditionally enrolled: the student does not have required immunizations due to the minimum age requirements and/or dose intervals and is in the process of completing the series of shots.
- (Question 8)
  - Total number non-compliant: the student does not have required immunizations, a religious or medical exemption, and is not conditionally enrolled. Count the number of students who are non-compliant.

Seventh (7th) Grade

- Answer the question, “Do you have students enrolled in 7th grade?”
- If you have students enrolled in 7th grade, click the “Yes” button.

- If you do not have students enrolled in 7th grade, click the "No" button.
- Click the "Next Page" button.
- If you clicked "Yes", you will be directed to answer 7th grade questions.
- If you clicked "No", you will be directed to the 12th grade section.

Twelfth (12th) Grade

- Answer the question, "Do you have students enrolled in 12th grade?"
- If you have students enrolled in 12th grade, click the "Yes" button.
- If you do not have students enrolled in 12th grade, click the "No" button.
- Click the "Next Page" button.
- If you clicked "Yes," you will be directed to answer 12th grade questions.
- If you clicked "No," you will be directed to the "Submit" button to submit your school's information.

Students Enrolled in Seventh (7th) Grade and/or Twelfth (12th) Grade at Private Schools (See APPENDIX E: SEVENTH (7th) AND TWELFTH (12th) GRADE QUESTIONS)

- Please answer questions for the following vaccines only: Meningococcal, Tdap, MMR, Hep A, and Varicella.
- For Public School Infinite Campus instructions see APPENDIX B: Infinite Campus Instructions
- (Question 1)
  - Total Enrollement: the total number of 7th and/or 12th grade students in your school.
- (Question 2a, 2b, 2c, 2d, 2e)
  - Up-to-date by vaccine: count the number of students who are up-to-date for each of the vaccines listed on the survey. Do not count medical exemptions, religious exemptions, and conditional enrollment as UTD. UTD is defined as receiving all required vaccines at the youngest recommended age per the recommendation of the Centers for Disease Control and Prevention (CDC) Advisory Committee on Immunization Practices (ACIP) as of June 24, 2025 Nevada ACIP BOH DPBH Technical Bulletin March 2026
- (Question 3)
  - Total number medically exempt: the parent/guardian has provided a Nevada Division of Public and Behavioral Health State Medical Immunization Exemption Certificate signed by a licensed physician (MD or DO) or an Advanced Practice Registered Nurse (APRN) stating that the medical condition of the student will not permit the student to be immunized.
- (Question 3a, 3b, 3c, 3d, 3e)

- Medical exemptions by vaccine: count the number of students who have medical exemptions for each of the vaccines listed on the survey.

- (Question 4)
  - Total number religiously exempt: a Nevada Division of Public and Behavioral Health State Religious Immunization Exemption Certificate was provided by the parent/guardian who prohibits the immunization of the student due to religious beliefs.
- (Question 4a, 4b, 4c, 4d, 4e)
  - Religious exemptions by vaccine: count the number of students who have religious exemptions for each of the vaccines listed on the survey.
- (Question 5)
  - Total number conditionally enrolled: the student does not have required immunizations due to the minimum age requirements and/or dose intervals and is in the process of completing the series of shots.

- (Question 6)
  - Total number of students non-compliant: the student does not have required immunizations, does not have a signed medical or religious exemption, and is not considered conditional.

APPENDIX A: IMMUNIZATION REQUIREMENTS RESOURCES

As of the 2019-2020 school year, it is necessary for children being admitted to early education programs, preschool, and kindergarten in Nevada to receive all required vaccines at the youngest recommended age per the recommendation of the Centers for Disease Control and Prevention (CDC) Advisory Committee on Immunization Practices (ACIP) as of June 24, 2025 Nevada ACIP BOH DPBH Technical Bulletin March 2026For example, the 5th dose of DTaP is recommended between 4 and 6 years of age. The 5th dose of DTaP vaccine is required at 4 years of age if the child is enrolled in a school in Nevada.

If a child turns an age that meets the youngest recommended age to receive the required vaccines (i.e., DTaP at 4 years old), after enrollment, child care, and/or accommodation facility entry, the child has *30 days* to complete the required immunizations pursuant to Nevada Revised Statutes NRS 432A.230 and NRS 423A.235 .

Immunization requirements and resources are available to provide equitable access to vaccinations:

- Connect with local health care providers, pharmacies, community/public health nurses, Federally Qualified Health Centers, or county health districts for access to vaccines or https://www.vaccines.gov/ for vaccine availability.
- https://www.dpbh.nv.gov/programs/immunizations/school-requirements/ for Nevada school/child care facility immunizations resources and links to Technical Bulletins.
- https://dpbh.nv.gov/Resources/Technical_Bulletins-New/ for all technical bulletins released.

Please e-mail nviz@health.nv.gov with questions on Nevada's school, child care, or accommodation facility vaccination requirements.

Exemptions As of July 2021, medical and religious immunization exemptions must be submitted on a standardized Nevada Division of Public and Behavioral Health form (see the Immunization Detection Requirement Technical Bulletin). Children may be exempt from immunization requirements for the following reasons:

Medical Exemption: Requires a Nevada Division of Public and Behavioral Health State Medical Immunization Exemption Certificate signed by a licensed physician (MD or DO) or an Advanced Practice

Registered Nurse (APRN) stating that the medical condition of the student will not permit the student to be immunized.

Religious Exemption: Requires a Nevada Division of Public and Behavioral Health State Religious Immunization Exemption Certificate signed by the parent or guardian who prohibits the immunization of the child due to religious beliefs. The standardized immunization exemption forms and resources can be found at:

https://dpbh.nv.gov/Programs/SIP/dta/School_Requirements/School_Requirements/

Exclusion: Per NRS 432A.230 and NRS 432A.235 , unless excused because of a religious belief or medical condition, a child must be up-to-date, or the child may not be admitted to any child care and/or accommodation facility within Nevada.

APPENDIX B: INFINITE CAMPUS INSTRUCTIONS

Collecting Data

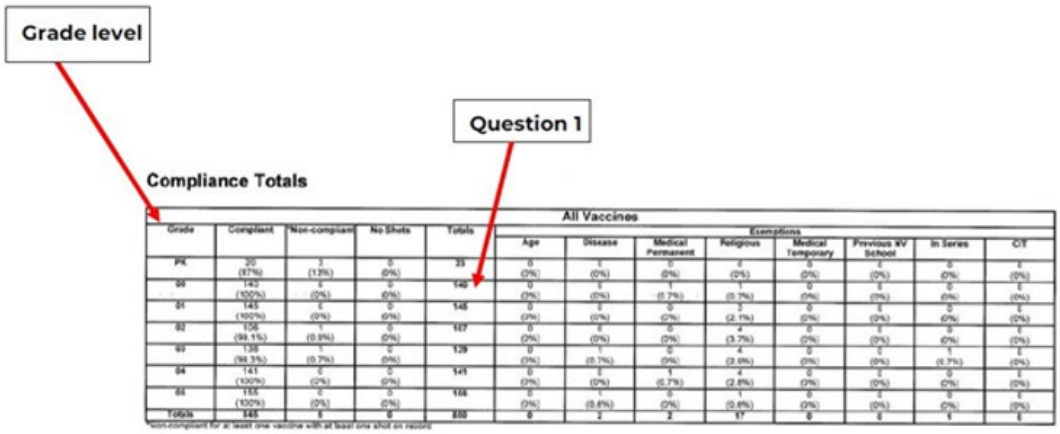

- Please use your school's Infinite Campus report to complete the survey.
- Total enrollment: the total number of students in your facility.
- Total number up-to-date (UTD) by vaccine: count the number of students who are up-to-date for each of the vaccines listed on the survey. Do not count medical exemptions, religious exemptions, and conditional enrollment as UTD.
- Total number medically exempt: the parent/guardian has provided a Nevada Division of Public and Behavioral Health State Medical Immunization Exemption Certificate signed by a licensed physician (MD or DO) or an Advanced Practice Registered Nurse (APRN) stating that the medical condition of the student will not permit the student to be immunized.
- Medical exemptions by vaccine: count the number of students who have medical exemptions for each of the vaccines listed on the survey.
- Total number religiously exempt: a Nevada Division of Public and Behavioral Health State Religious Immunization Exemption Certificate was provided by the parent/guardian who prohibits the immunization of the student due to religious beliefs.
- Religious exemptions by vaccine: count the number of students who have religious exemptions for each of the vaccines listed on the survey.
- Total number conditionally enrolled: the student does not have required immunizations due to the minimum age requirements and/or dose intervals and is in the process of completing the series of shots.
- Total number of students non-compliant: the students do not have required immunizations, do not have a signed medical or religious exemption, and is not considered conditional

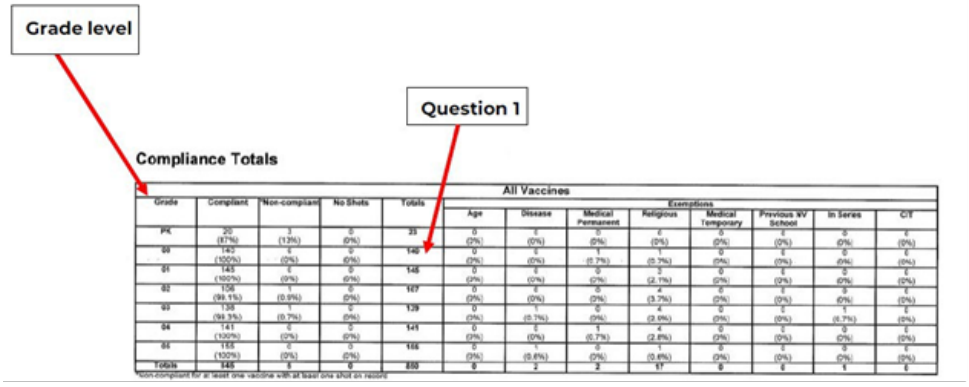

Infinite Campus Report

- Go to the Immunization Summary for the Infinite Campus report.
- Go to the "Health" section, then to "Reports".
- Select grade level.
- Change the effective date to the first day of school.
- Select all vaccine compliance totals and compliance totals by vaccine.
- Do *not* select dose count totals by vaccine.
- Select the vaccines you would like to include in the report.
- For kindergarteners, select DTaP, Hep A, MMR, Hep B, Polio, and Varicella. For 7th and 12th graders, select Meningococcal, Tdap, MMR, Hep A, Varicella.
- Use this report to answer kindergarten, 7th grade, and/or 12th grade questions.

Students Enrolled in Kindergarten (APPENDIX G: KINDERGARDEN (K) GRADE TALLY SHEET)

- Please answer questions for the following vaccines only: DTaP, Hep A, MMR, Hep B, Polio, and Varicella.
- Find the grade level on the left-hand side.
- Do *not* include 'age' or 'previous NV school' exemption codes when completing the survey. Please disregard those codes.
- This is a sample of an Infinite Campus report and may not look exactly like your school district's Infinite Campus report.(Question 1) Total # of students enrolled in kindergarten

- Up-to-date (UTD): the student has required doses of DTaP and is fully immunized from DTaP. This excludes students with medical exemptions, religious exemptions, and conditional enrollments.
- UTD is *not* the same as compliant. Compliance means timely administration according to recommended schedules to achieve the best protection. This can refer to an individual getting their vaccines on time, a

- provider following program rules for administration, or a country implementing mandates for school or other purposes.

Question 2a

Diphtheria-tetanus-pertussis, combined [DTaP, DTP] - Compliance Totals

Grade	Compliant	Non-compliant	No Requirement	In Process	Exemptions								Totals

*Non-compliant for at least one vaccine with at least one shot on record

Seventh (7th) Grade

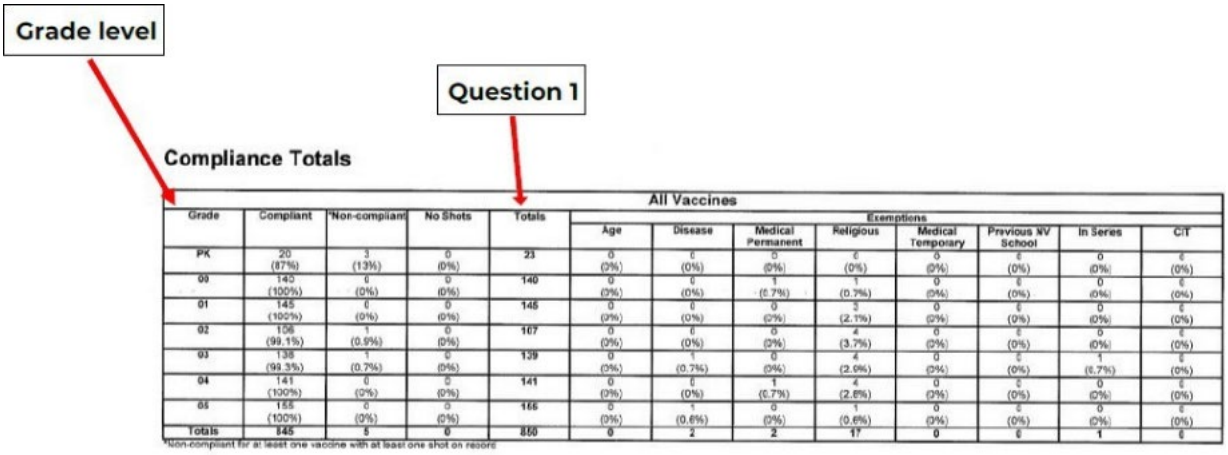

- Answer the question, “Do you have students enrolled in 7th grade?”
- If you have students enrolled in 7th grade, click the “Yes” button.
- If you do *not* have students enrolled in 7th grade, click the “No” button.
- Click the “Next Page” button.
- If you clicked “Yes”, you will be directed to answer 7th grade questions.
- If you clicked “No”, you will be directed to the 12th grade section.

Twelfth (12th) Grade

- Answer the question, “Do you have students enrolled in 12th grade?”
- If you have students enrolled in 12th grade, click the “Yes” button.
- If you do *not* have students enrolled in 12th grade, click the “No” button.
- Click the “Next Page” button.
- If you clicked “Yes”, you will be directed to answer 12th grade questions.
- If you clicked “No”, you will be directed to the “Submit” button to submit your school’s information.

Students Enrolled in Seventh (7th) and/or Twelfth (12th) Grade

- Please answer questions for the following vaccines only: Meningococcal, Tdap, MMR, Hep A, and Varicella.
- Find the grade level on the left-hand side.
- Do *not* include ‘age’ or ‘previous NV school’ exemption codes when completing the survey. Please disregard those codes.
- This is a sample of an Infinite Campus report and may not look exactly like your school district’s Infinite Campus report.
- (Question 1) Total # of students enrolled in 7th and/or 12th grade

- (Question 2a) Total # of students UTD for Meningococcal
- Repeat for (Question 2b, 2c, 2d, 2e)
    - Up-to-date (UTD): the student has required doses of Meningococcal and is fully immunized from Meningococcal. This excludes students with medical exemptions, religious exemptions, and conditional enrollments.
    - UTD is ***not*** the same as compliant.

Question 2a

APPENDIX D: KINDERGARTN GRADE QUESTIONS

Nevada School Immunization Rate Reporting Survey

A A

Kindergarten

Note: For the below questions, UTD (up to date) is defined as: counting the # of students who are up to date for ea of the vaccines listed on the survey. DO NOT count medical exemptions, religious exemptions, and conditional enrollment as UTD.

Do you have students enrolled in kindergarten?
* must provide value

- (•) Yes
- ( ) No

If your answer is yes, you will complete kindergarten questions.

(1) Total # of students enrolled in kindergarten
* must provide value

(2a) Total # of kindergarten students UTD for DTaP (Diphtheria, tetanus, and acellular pertusis)
* must provide value
REMINDER: The students counted as UTD will not have any exemptions or be conditionally enrolled.

(2b) Total # of kindergarten students UTD for IPV (Polio)
* must provide value
REMINDER: The students counted as UTD will not have any exemptions or be conditionally enrolled.

(2c) Total # of kindergarten students UTD for Hep B (Hepatitis B)
* must provide value
REMINDER: The students counted as UTD will not have any exemptions or be conditionally enrolled.

(2d) Total # of kindergarten students UTD for Hep A (Hepatitis A)
* must provide value
REMINDER: The students counted as UTD will not have any exemptions or be conditionally enrolled.

(2e) Total # of kindergarten students UTD for MMR (Measles, mumps, and rubella)
* must provide value
REMINDER: The students counted as UTD will not have any exemptions or be conditionally enrolled.

(2f) Total # of kindergarten students UTD for Varicella (Chickenpox)
* must provide value
REMINDER: The students counted as UTD will not have any exemptions or be conditionally enrolled.

(3) Total # of kindergarten students medically exempt from any required vaccines
* must provide value
This can include a medical exemption of 1 or more vaccines.

(3a) Total # of kindergarten students medically exempt from DTaP
* must provide value
DTaP: Diphtheria, tetanus and acellular pertussis

(3b) Total # of kindergarten students medically exempt from IPV
* must provide value
IPV: Polio

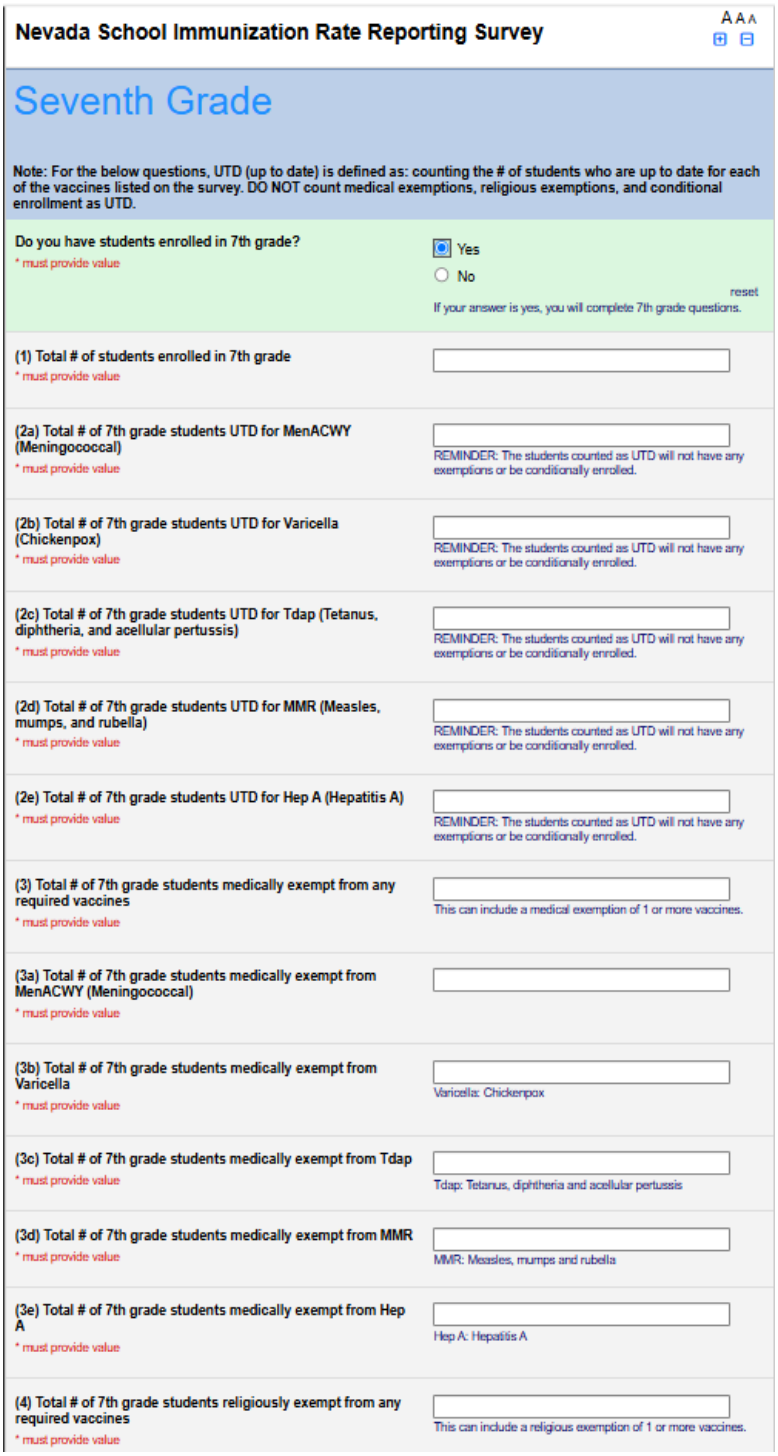

(3c) Total # of kindergarten students medically exempt from Hep B
* must provide value
Hep B: Hepatitis B

(3d) Total # of kindergarten students medically exempt from Hep A
* must provide value
Hep A: Hepatitis A

(3e) Total # of kindergarten students medically exempt from MMR * must provide value	MMR: Measles, mumps and rubella
(3f) Total # of kindergarten students medically exempt from Varicella * must provide value	Varicella: Chickenpox
(4) Total # of kindergarten students religiously exempt from any required vaccines * must provide value	This can include a religious exemption of 1 or more vaccines.
(4a) Total # of kindergarten students religiously exempt from DTaP * must provide value	DTaP: Diphtheria, tetanus and acellular pertussis
(4b) Total # of kindergarten students religiously exempt from IPV * must provide value	IPV: Polio
(4c) Total # of kindergarten students religiously exempt from Hep B * must provide value	Hep B: Hepatitis B
(4d) Total # of kindergarten students religiously exempt from Hep A * must provide value	Hep A: Hepatitis A
(4e) Total # of kindergarten students religiously exempt from MMR * must provide value	MMR: Measles, mumps and rubella
(4f) Total # of kindergarten students religiously exempt from Varicella * must provide value	Varicella: Chickenpox
(5) Total # of kindergarten students exempt from all required vaccines * must provide value	This means they selected all vaccines on the religious exemption form.
(6) Total # of kindergarten students with documented Varicella disease * must provide value	
(7) Total # of kindergarten students conditionally enrolled * must provide value	Conditionally Enrolled: the student does not have required immunizations due to the minimum age requirements and/or dose intervals and is in the process of completing the series of shots.
(8) Total # of kindergarten students non-compliant * must provide value	Non-compliant: the student does not have required immunizations, does not have a signed medical or religious exemption form, and is not considered conditional.

APPENDIX E: SEVENTH (7TH) AND TWELFTH (12TH) GRADE QUESTIONS

Nevada School Immunization Rate Reporting Survey

A A A

Seventh Grade

Note: For the below questions, UTD (up to date) is defined as: counting the # of students who are up to date for each of the vaccines listed on the survey. DO NOT count medical exemptions, religious exemptions, and conditional enrollment as UTD.

Do you have students enrolled in 7th grade?
* must provide value

- (•) Yes
- ( ) No

reset

If your answer is yes, you will complete 7th grade questions.

(1) Total # of students enrolled in 7th grade
* must provide value

(2a) Total # of 7th grade students UTD for MenACWY (Meningococcal)
* must provide value

REMINDER: The students counted as UTD will not have any exemptions or be conditionally enrolled.

(2b) Total # of 7th grade students UTD for Varicella (Chickenpox)
* must provide value

REMINDER: The students counted as UTD will not have any exemptions or be conditionally enrolled.

(2c) Total # of 7th grade students UTD for Tdap (Tetanus, diphtheria, and acellular pertussis)
* must provide value

REMINDER: The students counted as UTD will not have any exemptions or be conditionally enrolled.

(2d) Total # of 7th grade students UTD for MMR (Measles, mumps, and rubella)
* must provide value

REMINDER: The students counted as UTD will not have any exemptions or be conditionally enrolled.

(2e) Total # of 7th grade students UTD for Hep A (Hepatitis A)
* must provide value

REMINDER: The students counted as UTD will not have any exemptions or be conditionally enrolled.

(3) Total # of 7th grade students medically exempt from any required vaccines
* must provide value

This can include a medical exemption of 1 or more vaccines.

(3a) Total # of 7th grade students medically exempt from MenACWY (Meningococcal)
* must provide value

(3b) Total # of 7th grade students medically exempt from Varicella
* must provide value

Varicella: Chickenpox

(3c) Total # of 7th grade students medically exempt from Tdap
* must provide value

Tdap: Tetanus, diphtheria and acellular pertussis

(3d) Total # of 7th grade students medically exempt from MMR
* must provide value

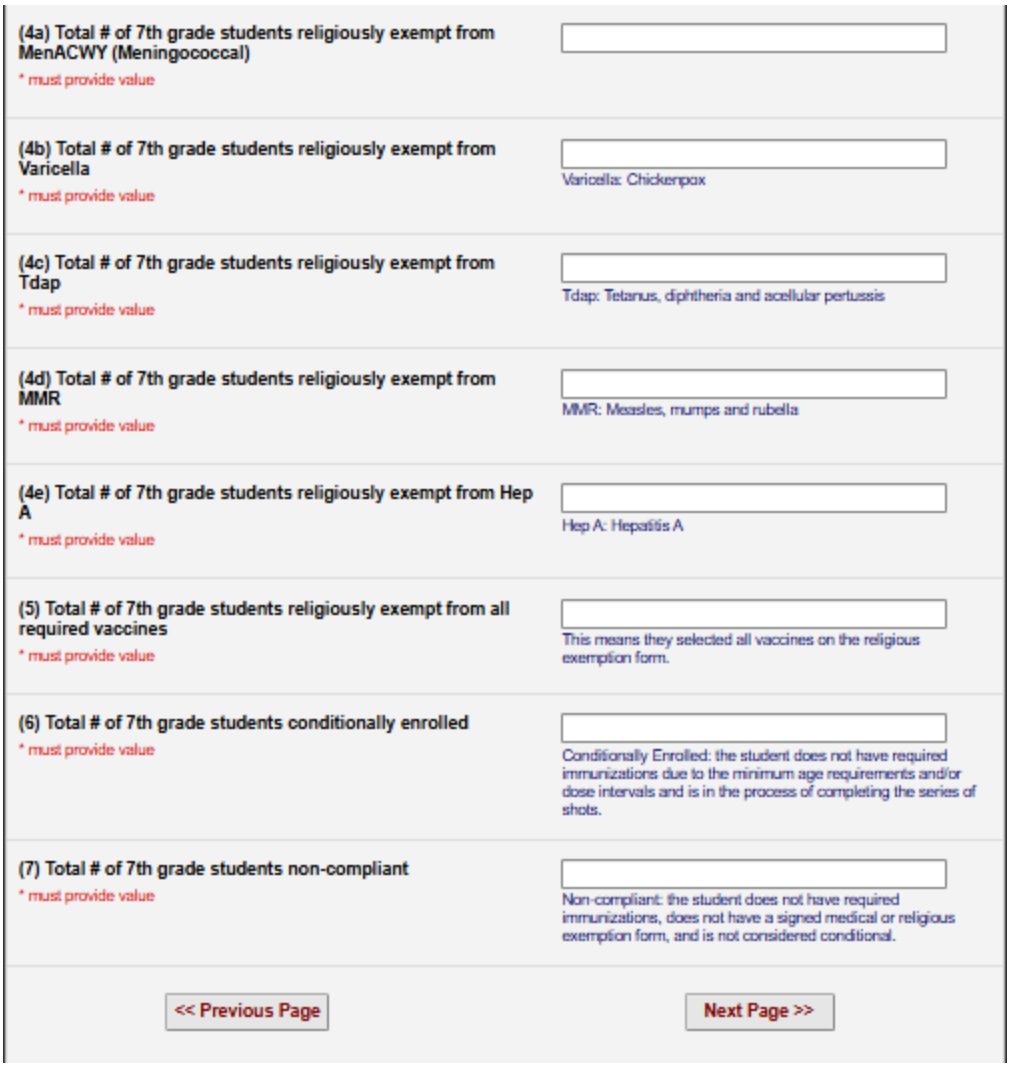

MMR: Measles, mumps and rubella

(3e) Total # of 7th grade students medically exempt from Hep A
* must provide value

Hep A: Hepatitis A

(4) Total # of 7th grade students religiously exempt from any required vaccines
* must provide value

This can include a religious exemption of 1 or more vaccines.

(4a) Total # of 7th grade students religiously exempt from MenACWY (Meningococcal)
* must provide value

(4b) Total # of 7th grade students religiously exempt from Varicella
* must provide value
Varicella: Chickenpox

(4c) Total # of 7th grade students religiously exempt from Tdap
* must provide value
Tdap: Tetanus, diphtheria and acellular pertussis

(4d) Total # of 7th grade students religiously exempt from MMR
* must provide value
MMR: Measles, mumps and rubella

(4e) Total # of 7th grade students religiously exempt from Hep A
* must provide value
Hep A: Hepatitis A

(5) Total # of 7th grade students religiously exempt from all required vaccines
* must provide value
This means they selected all vaccines on the religious exemption form.

(6) Total # of 7th grade students conditionally enrolled
* must provide value
Conditionally Enrolled: the student does not have required immunizations due to the minimum age requirements and/or dose intervals and is in the process of completing the series of shots.

(7) Total # of 7th grade students non-compliant
* must provide value
Non-compliant: the student does not have required immunizations, does not have a signed medical or religious exemption form, and is not considered conditional.
