Our Purpose

- **FBNN's Mission:** Feeding the hungry today and solving hunger for tomorrow through community partnership.
- **Our Vision:** Healthy Food. Every Person. Every Day.

The Big Picture

- We are a network member of Feeding America.
- Feeding America is a network of more than 200 Food Banks.

Who is “Food Insecure?”

- We are serving more than 160,000 people each month
- Nearly half of those are children (under 18) and seniors
- Many are working and need food assistance to make ends meet.
- We have seen drastic increases - 79% increase since before the pandemic.
- 1 in 8 people in Nevada face hunger
- 1 in 5 children in Nevada face hunger
- **For a single parent w/ 2 kids, \$2,151/month = Federal Poverty Line**
- **One senior at poverty level, lives on \$1,255/mo., or less, AND average rent in Reno = \$1,631/mo.**

The Delivery System

The Food Bank accepts food from grocers, farmers, corporate donors, federal sources, food drives and more. In addition, we purchase food.

In FY25, we distributed enough food for more than 23.1 million meals.

Our partner agencies and programs provide food directly for neighbors who need help.

Children, families, and seniors have the nutritious foods they need.

Partners and Programs

The Food Bank of Northern Nevada is the distribution center that supports 155 partner agencies, as well as 10 direct service programs.

Partners include nonprofit and faith-based organizations who provide food as part of their operations. They are food pantries, congregate feeding programs, child and youth programs, senior programs, shelters, residential and transitional housing programs.

Direct Service Programs

We operate 10 direct service programs:

- TEFAP – Federal program
- Mobile Harvest
- Produce on Wheels
- Senior Nutrition and Wellness Program - Federal program
- Golden Groceries
- Kids Cafe - supported by 2 federal funding sources, CACFP and SFSP.
- School Pantry Program
- Backpack Program
- SNAP Outreach
- Prescription Pantry Program

Partner and Programs

All partners and all direct service programs track neighbor assistance and provide data monthly.

This is done with web-based client tracking software called Oasis as well as Insights, Access, Excel.

Some partners have their own systems and are required to report to us each month.

Meat/Fish/Poultry	2,547,988	18.3%
Total	13,922,808.00	

Federal Commodity Changes

FBNN anticipates a significant reduction in TEFAP foods in FY26, as compared to FY25, due to changes at a federal level.

We are forecasting a 3 million pound reduction in TEFAP

FY25 TEFAP

FY25:

Storage Type	Total TEFAP Pounds	Percent
Dry	3,555,467.00	54.21%
Frozen	1,004,314.00	15.31%
Refrigeration	1,998,641.00	30.47%
Total	6,558,422.00	

Home Feeds Nevada

- FY24 and FY25 had a total of \$4 million dollars that went to support the program.
- FY26 and FY27 the state has allocated \$800,000 total to support the program.
- Most significant impact is to local farmers and impact to food security efforts. For FBNN, our neighbors benefited

Home Feeds Nevada (Continued)

FY24 Stats:

Pounds Distributed in N.
Nevada = 1,077,982

Product Make-up:

- Produce 56%
- Dairy 23%
- Protein 18%
- Self-Stable 3%

Retail Rescue

Retail Rescue is a vital food sourcing program that reduces waste and increases access to nutritious food for our neighbors. Partner agencies receive food donations directly from grocery stores, wholesale clubs, and restaurants. Donations can include fresh produce, dairy, meat, dry goods, and bakery items; safe and edible foods that may no longer meet retail standards for sale.

FY25 Stats:

- Total pounds rescued = 6,123,311
- Total # of partners on the program = 50
- Total # of grocery stores that participate = 178

FY26 Goals:

- 6.5 million pounds rescued
- Implementation of our Culturally Responsive Food Program or CRFP – Sourcing from cultural/ethnic markets to offer neighbors foods that align with their cultural preferences.

Service Requirements

Food Deserts in Nevada

The United States Department of Agriculture (USDA) defines a food desert when a census tract meets the following two criteria (USDA, 2014a):

- **Low-income community** - poverty rate of 20 percent or higher, or a median family income at or below 80 percent of the statewide median family income
- **Low-access community** - urban census tracts with more than 33 percent living more than one mile from a supermarket or large grocery store or rural census tracts (geographical region containing 1,000 to 8,000 people) that are more than 10 miles from a supermarket or large grocery store.

Nevada Snapshot

- USDA identified food deserts in 40 of 687 census tracts in Nevada.
- **154,623** Nevadans meet the criteria of living in a low-income food desert.
- Among people in Nevada living in a food desert, 89% live in urban area and 11% reside in rural areas.
- Food Desert Locator map of Nevada census tracts. The green census tracts are food desert low-income neighborhoods without easy access to a supermarket or large grocery store. (updated May 2014)

Rural Food Access

Phase 1: Needs

Assessment/Feasibility

Timeline: 1/1/23 through 6/30/24

- Mapping out the best destination point or points to store food.
- Identify potential partner agencies that will benefit.
- Determine the populations that need access to food more frequently.
- Determine the logistics and resources that will be required to support this distribution model long term.

Phase 2: Planning & Design

Timeline: 7/1/24-4/30/25

- Collecting, Analyzing, and Presenting Data.
- Choosing the Strategy and Setting Priorities.
- Clarifying the Issue.
- Setting Goals and Measuring Progress.
- Assess and Improve the Plan.
- Determine the infrastructure & operational design for the plan.

Phase

3:Construction

Timeline: 10/1/2025-6/30/26

- Build the physical infrastructure of the food distribution hub
- Install storage, refrigeration and other essential systems.
- Set up warehouse management and inventory technology.

Phases 4 &5: Pilot

Operations/Full Operational Launch

Timeline: 7/1/26-12/31/26

- Conduct soft launch with limited distributions to test logistics, tech and community engagement strategies
- Monitor performance metrics and gather feedback from stakeholders
- Fully operations the Rural Food Hub
- Scale up food sourcing, storage and distribution to meet goals
- Continue monitoring, evaluating, and optimizing the Hub's operations and community impact

Our Recommendations

Topline priorities:

- Commit to establishing a permanent state fund that supports the charitable food system to purchasing healthy foods.
 - A food purchase fund would ensure access to healthy food that does not typically come through the charitable food system. The charitable food system is not designed to replace the federal safety net. Using SB 341 and AB525 as examples of a program that worked.
- Understand how changes made in HR 1 to SNAP, TANF, WIC and Medicaid will impact the food security of Nevadans across the state, and how the state will implement those changes.
- Engage in dialogue about the States willingness and readiness to provide a social safety net.
- Increase access to SNAP by encouraging DSS to apply for all available waivers (college students, ABAWDs, seniors).
- Maintain Summer EBT.
- Monitor and support the Federal government's role in guaranteeing a strong Farm Bill, assuring that commodity food levels are appropriate to address need and support a hunger free community.

Additional priorities to consider:

- Universal free meals in school – \$86 million dollars for a 2-year budget cycle.
- Monitor federal regulations that establish additional barriers for people to access food across the food system.
- Support the SB 233 committee to identity sustainable funding for Home Feeds Nevada
- Find economic ways to address food deserts across the state.
- Participate in the State's administrative rule making process for SNAP and Home Feeds Nevada.

We also have process recommendation regarding the SB 233 subcommittee:

- Ensure participation on the committee from the Treasurer's office, the Governor's office of Economic Development and a staff member from Nevada Department of Agriculture, along with Food Bank of Northern Nevada and Three Square Food Bank.

WHAT IS FOOD INSECURITY?

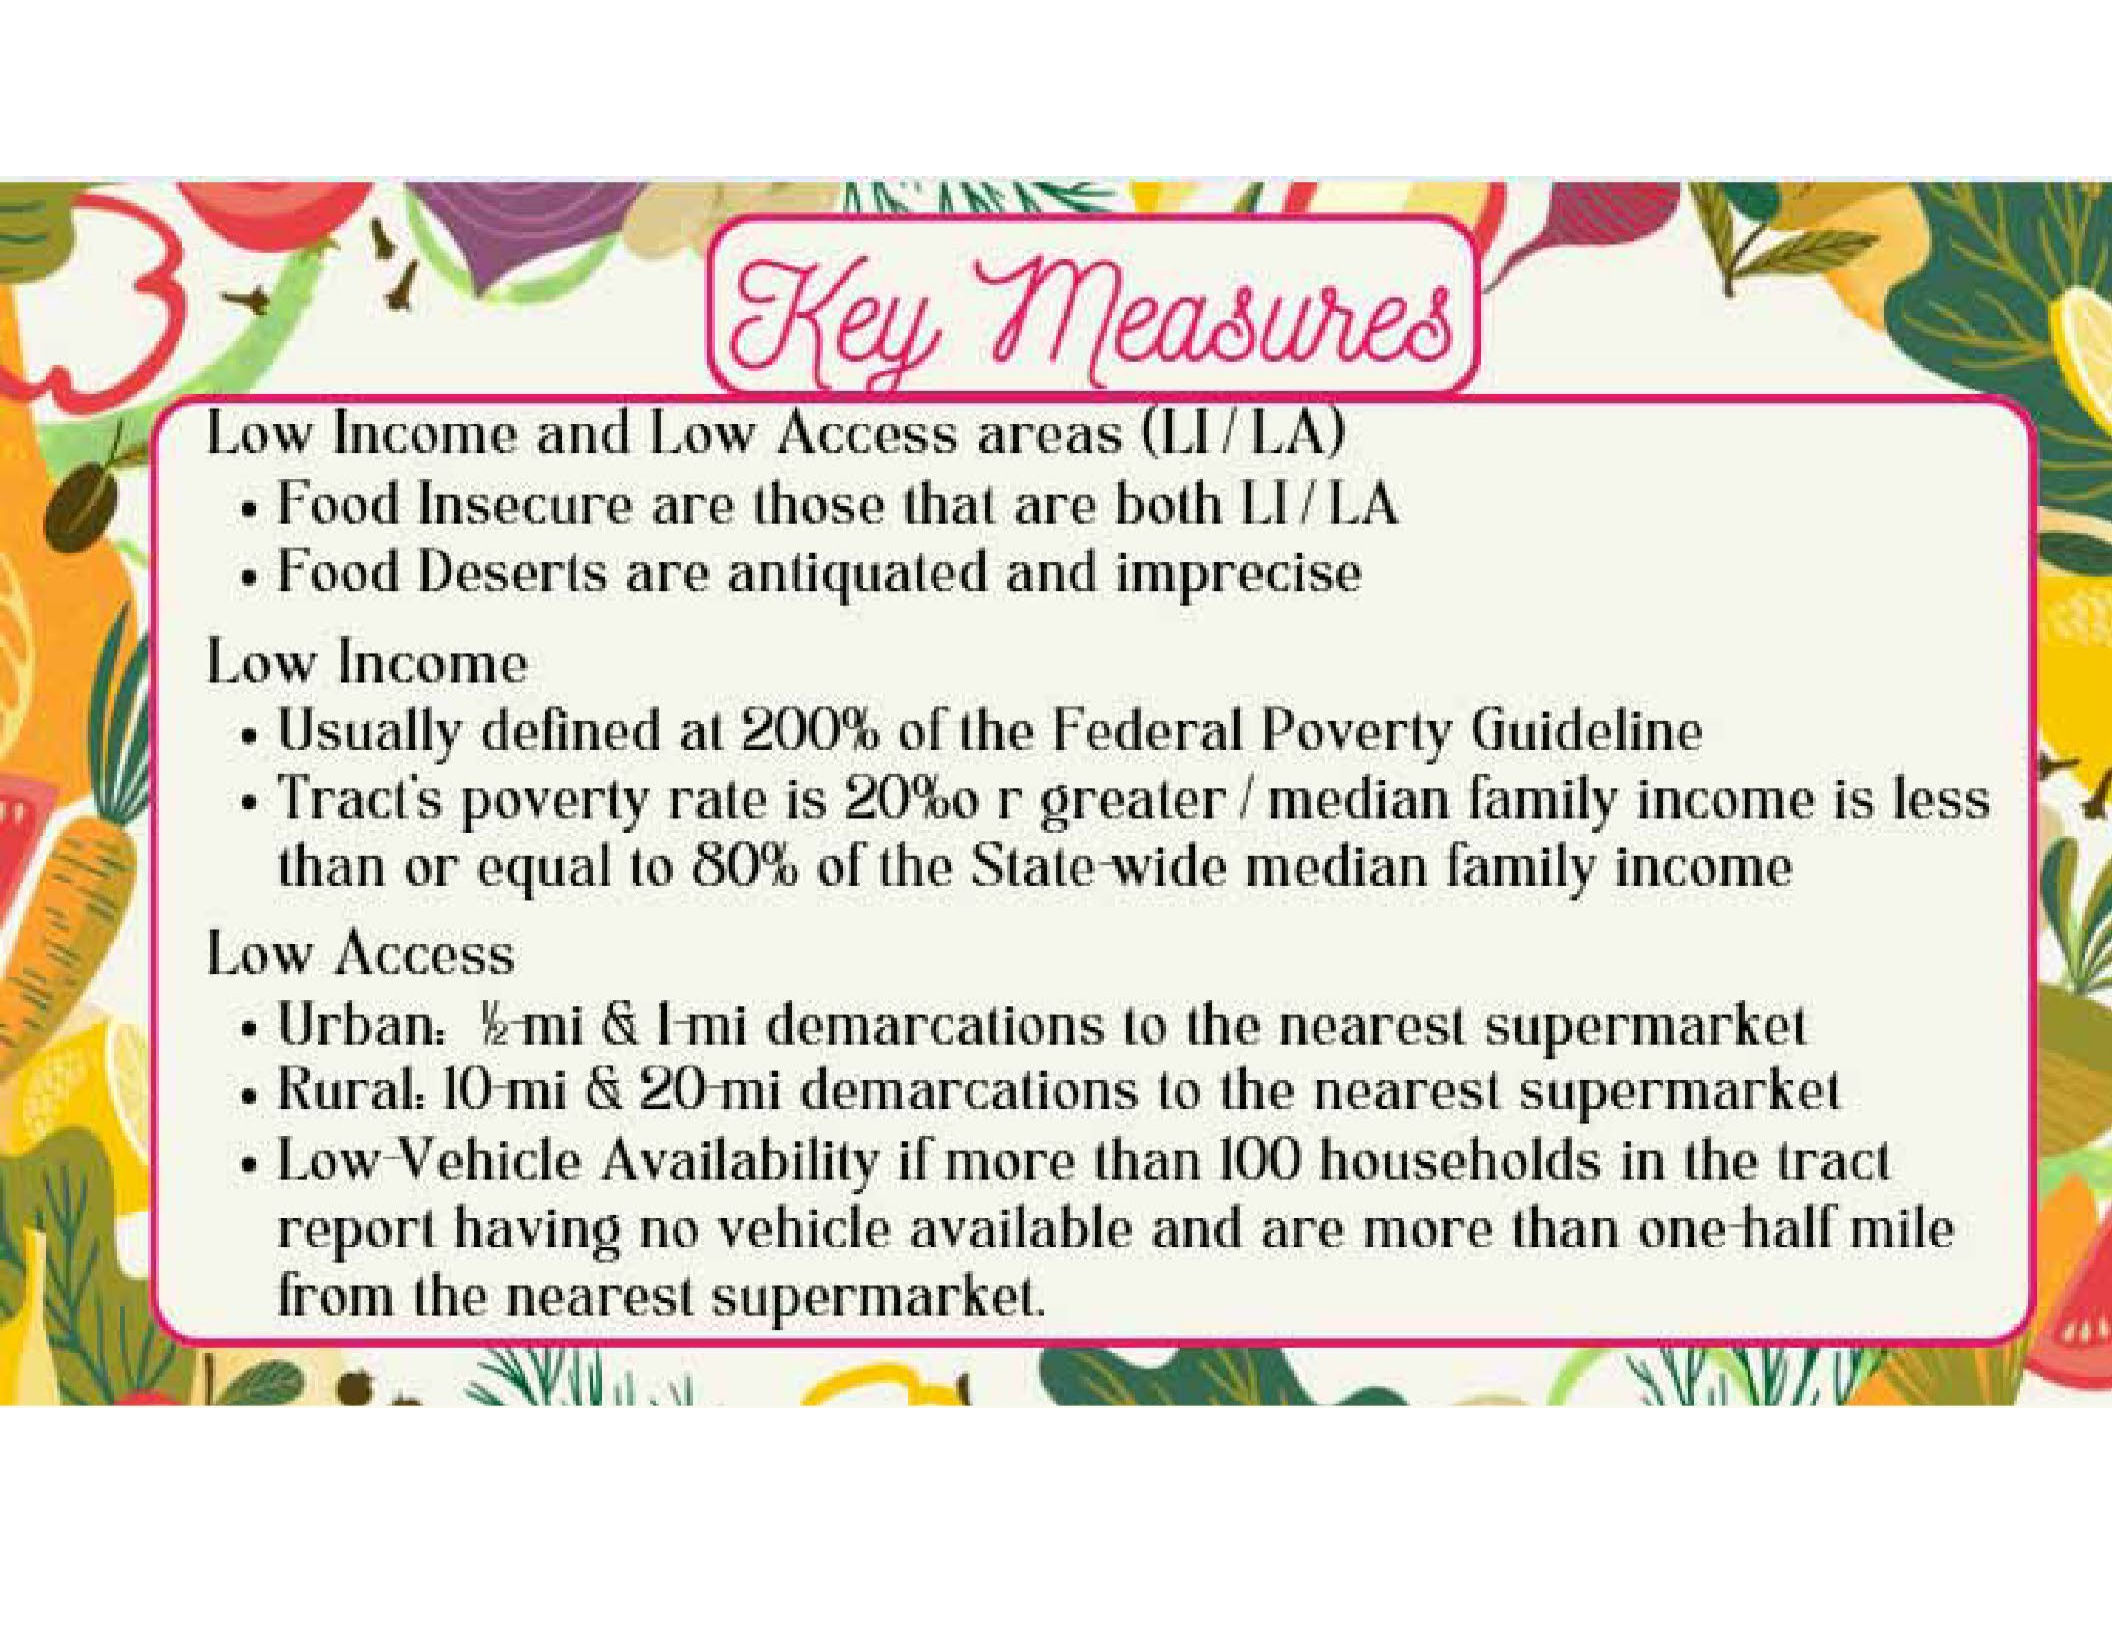

“A condition in which the food intake of one or more household members is reduced and their eating patterns disrupted at times because the household lacked money or other resources for obtaining food.”

WHAT IS FOOD SECURITY?

Food Security

- Low food security: "Reports of reduced quality, variety, or desirability of diet. Little or no indication of reduced food intake."
- Very low food security: "Reports of multiple indications of disrupted eating patterns and reduced food intake."

Key Measures

Low Income and Low Access areas (LI / LA)

- Food Insecure are those that are both LI / LA
- Food Deserts are antiquated and imprecise

Low Income

- Usually defined at 200% of the Federal Poverty Guideline
- Tract's poverty rate is 20% or greater / median family income is less than or equal to 80% of the State-wide median family income

Low Access

- Urban: ½-mi & 1-mi demarcations to the nearest supermarket
- Rural: 10-mi & 20-mi demarcations to the nearest supermarket
- Low-Vehicle Availability if more than 100 households in the tract report having no vehicle available and are more than one-half mile from the nearest supermarket.

Nutrition Security – Access to healthy, Affordable food that promotes well-Being and prevent disease

FOOD SECURITY (Cont.)

Affordability-Is food priced fairly for the median income of the residents for the Neighborhood it serves?

Accessibility- Is the location close enough to walk to or near public transportation Routes in the neighborhood it serves?

Availability- Is food consistently stocked, fresh, meeting the capacity of the Neighborhood it serves?

Appropriateness- Are the types of items stocked providing enough variety to meet the cultural, health, and age diversity of the neighborhood it serves?

MEMBER OF
**FEEDING
AMERICA**

Jeff Duncan
Chief of Staff

No one in our community should be hungry.

About Three Square

Mission

To provide wholesome food to hungry people, while passionately pursuing a hunger-free community.

Since opening in 2007,
Three Square has provided more
than **644 million pounds** of food to people
in need.

Our Neighbors in Need

1 in 6 Southern Nevadans is food insecure.

1 in 5 children lives in a food-insecure home.

Food-insecure neighbors miss an average of **6.3 meals** per week.

Our Service Area

Counties We Serve

Three Square serves four counties in Southern Nevada

- Lincoln
- Clark
- Nye
- Esmeralda

377,270 – The number of people who are food insecure in Southern Nevada.

481,460 – The number of people in Nevada facing food insecurity.

Our Service Area (Continued)
