FINGERPRINT BACKGROUND WAIVER

1. You must be notified by the Emergency Medical Systems Program, of the Nevada Division of Public and Behavioral Health, that your fingerprints will be used to check the criminal history records of the FBI and the State of Nevada.
2. If you have a criminal history record, the officials making a determination of your suitability for the job, license or other benefits for which you are applying must provide you the opportunity to complete or challenge the accuracy of the information in the record. You may review and challenge the accuracy of any and all criminal history records which are returned to the submitting agency. The proper forms and procedures will be furnished to you by the Nevada Department of Public Safety, Records Bureau upon request. If you decide to challenge the accuracy or completeness of your FBI criminal history record, Title 28 of the Code of Federal Regulations Section 16.34 provides for the proper procedure to do so:
16.34 - Procedure to obtain change, correction or updating of identification records. If, after reviewing his/her identification record, the subject thereof believes that it is incorrect or incomplete in any respect and wishes changes, corrections or updating of the alleged deficiency, he/she should make application directly to the agency which contributed the questioned information. The subject of a record may also direct his/her challenge as to the accuracy or completeness of any entry on his/her record to the FBI, Criminal Justice Information Service (CJIS) Division ATTN: SCU, Mod. D-2, 1000 Custer Hollow Road, Clarksburg, WV 26306. Upon the receipt of an official communication directly from the agency which contributed the original information, the FBI CJIS Division will make any changes necessary in accordance with the information supplied by the agency.
3. Based on 28 CFR § 50.12 (b), officials making such determinations should not deny the license or employment based on information in the record until the applicant has been afforded a reasonable time to correct or complete the record or has declined to do so.
4. You have the right to expect that officials receiving the results of the fingerprint-based criminal history record check will use it only for authorized purposes and will not retain or disseminate it in violation of federal or state statute, regulation or executive order, or rule, procedures or standard established by the National Crime Prevention and Privacy Compact Council.
5. I hereby authorize the Emergency Medical Systems Program, of the Nevada Division of Public and Behavioral Health, to submit a set of my fingerprints to the Nevada Department of Public Safety Records Bureau for the purpose of accessing and reviewing State of Nevada and FBI criminal history records that may pertain to me.
