

DO YOU SERVE UNINSURED INDIVIDUALS?

Get no cost vaccines for uninsured!

About The Nevada State Immunization's (NSIP) State Opioid Response (SOR) funded Vaccine Program

The NSIP SOR funded Vaccine Program provides free vaccines to communities with high rates of vaccine preventable diseases (VPDs). Available vaccines include those to prevent*:

- Hepatitis A
- Hepatitis B
- HPV
- Meningococcal
- Pneumococcal
- Tetanus Diphtheria
- Pertussis (TDaP)
- MPOX
- COVID-19

How to Enroll

Providers can participate by completing an [Agreement to Participate \(ATP\)](#) and email it to the program nviz@health.nv.gov, with the subject line "NSIP SOR Provider enrollment".

Who qualifies for SOR vaccines?

- Uninsured adults

How do I know if I serve an area with high rates of VPD?

Please see the list of eligible zip codes here: [SOR Zip Codes](#). If you service any one of these zip codes, you are eligible to utilize the NSIP SOR funded Vaccines.

For more information about the State Opioid Response (SOR) Program, please visit <https://nvopioidresponse.org/>

Who do I contact to enroll?

To enroll complete the ATP linked above and email it to nviz@health.nv.gov

Questions

Please email the Nevada State Immunization Program if you have any questions: nviz@health.nv.gov with the subject line "NSIP SOR Question."

**Vaccine availability may be seasonal.*
