

Brian Anderson

Henderson, Nevada

PROFESSIONAL SUMMARY

Accomplished emergency medical services executive with progressive leadership experience in business administration and emergency medical services. Currently serves as Senior Vice President of Community Ambulance, one of Nevada's largest private ambulance providers, with executive responsibility for regulatory compliance, licensing, human resources, finance, billing, information technology, clinical support services, and organizational administration. Recognized for expertise in EMS regulation, accreditation, healthcare quality, strategic planning, and collaborative leadership among healthcare providers, public agencies, and community stakeholders. Dedicated to advancing high-quality emergency medical services throughout Nevada through thoughtful leadership, public service, and evidence-based policy.

PROFESSIONAL EXPERIENCE

Community Ambulance

Henderson, Nevada

2010 - Present

Current role: Senior Vice President - May 2025 – Present

Provide executive leadership for multiple administrative and operational divisions supporting one of Nevada's largest emergency medical services organizations.

Executive oversight includes:

- Regulatory Compliance
- State and Local Licensing
- Human Resources
- Finance
- Billing Operations
- Information Technology
- Clinical Support Services
- Organizational Administration
- Corporate Contracting for Special Events, Facilities, and Vendors

Selected Accomplishments

- Lead all regulatory compliance and licensing activities with federal, state and local agencies.
- Oversee organizational compliance with applicable federal, state, and local healthcare regulations.
- Manage executive-level contracting for special events, healthcare facilities, and organizational vendors.
- Develop organizational policies and administrative procedures supporting operational excellence and regulatory compliance.
- Collaborate with hospitals, governmental agencies, physicians, EMS agencies, and community partners to strengthen emergency medical services and improve patient care.

Previous Leadership Positions

- Vice President of Administration
- General Manager
- Director of Operations
- Operations Manager

Progressively promoted through executive leadership positions growing with Community Ambulance since its inception in 2010.

PROFESSIONAL LEADERSHIP

President-Elect – Nevada Ambulance Association

Collaborate with EMS leaders throughout Nevada to advance high-quality emergency medical services through legislative advocacy, regulatory improvement, professional collaboration, and statewide initiatives.

Board of Directors – Community Ambulance | 2019 – Present

Provide strategic governance and executive oversight supporting organizational growth, quality improvement, financial stewardship, and long-term planning.

SNHD Medical Advisory Board Representative – Community Ambulance | 2016 – 2018

Represented Community Ambulance in collaboration with physicians, EMS medical directors, and local healthcare professionals to support evidence-based clinical practice, protocol development, and continuous quality improvement.

PROFESSIONAL ACCOMPLISHMENTS

Commission on Accreditation of Ambulance Services (CAAS)

Directed and managed Community Ambulance's successful accreditation and reaccreditation efforts:

- Initial Accreditation – 2012
- Reaccreditation – 2015, 2018, 2021, and 2024

Successfully coordinated multidisciplinary organizational efforts involving quality improvement, compliance, clinical operations, performance measurement, and documentation to maintain national accreditation standards over a twelve-year period.

PROFESSIONAL CREDENTIALS/LICENSES

Emergency Medical Technician (EMT), State of Nevada
2011 – Present

Licensed General Contractor, B2 and Full A
Nevada State Contractors Board
2016 – Current (licenses are current but in inactive status)

Licensed Realtor with GLVAR
2017 - Current

EDUCATION

Lincoln Memorial University – Duncan School of Law
Juris Doctor Candidate (2L)
Expected Graduation: Spring 2029

Pepperdine University
Master of Business Administration (2006)

Utah State University
Bachelor of Science, Psychology (2000)

AREAS OF EXPERTISE

- Emergency Medical Services Administration
- Healthcare Regulatory Compliance
- Business Finance and Budget management
- EMS Accreditation (CAAS)
- EMS Quality Improvement
- EMS Business Administration
- Strategic Planning
- Policy Development
- Contract Negotiation
- Risk Management
- Vendor and Facility Contracting
- Organizational Leadership

Letter of Interest

July 22, 2026

Bobbie Sullivan
Rachel Nemanic
Nevada EMS Program

RE: Application for Nevada EMS Advisory Committee – Privately-Owned Entity
Representative

Dear Ms. Sullivan, Ms. Nemanic, and the Nevada EMS Program,

I am writing to formally express my interest in the current vacancy on the Emergency Medical Systems (EMS) Advisory Committee for an employee of a privately-owned entity that provides emergency medical services pursuant to NRS 450B. As the Founder and CEO of Technical Medical LLC, a licensed Advanced Life Support (ALS) agency based in Reno, I am eager to contribute my professional expertise to the State Board of Health and the Nevada EMS community.

Technical Medical LLC (Agency Permit No. 16526) serves as a critical private-sector partner within Northern Nevada's healthcare infrastructure. We currently hold the federal contract for the Department of Veterans Affairs (VA) Sierra Pacific Network, providing ALS, Basic Life Support (BLS), and Specialty Care Transport (SCT) for veterans across multiple counties. My role as CEO involves navigating complex regulatory landscapes, including federal procurement standards and regional franchise agreements, which has provided me with a unique perspective on how private entities can best integrate with and support municipal and state EMS systems.

Throughout my career as a Nationally Registered Paramedic (NRP) with a Master of Science (MS) degree in Crisis and Emergency Management,, I have remained dedicated to clinical excellence and system-wide innovation. My work with Technical Medical has focused on:

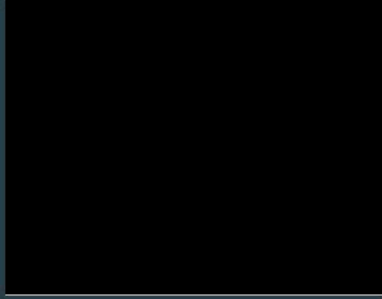

- **Regional Collaboration:** Actively participating in multi-agency discussions regarding EMS performance, data sharing, and regional interoperability.
- **Care Innovation:** Developing Mobile Integrated Health (MIH) and Community Paramedic programs designed to reduce unnecessary hospital readmissions and improve population health through alternate care pathways.
- **Regulatory Compliance:** Ensuring strict adherence to state licensing requirements and federal medical care standards.

I am committed to the continuous improvement of Nevada's EMS delivery and care models. I look forward to the opportunity to bring a data-driven, private-sector perspective to the Committee as we work together to meet the growing needs of our community. I have attached my resume for your review and am prepared to attend the next EMS Advisory Committee meeting on August 19, 2026.

Thank you for your time and consideration of my application.

Sincerely,

PROFESSIONAL SUMMARY

Trusted public safety executive with over 30 years of leadership experience in EMS, emergency management, fire operations, and compliance oversight. As Fire Chief for Carson City for eight years, developed and led cross-agency disaster response programs, conducted internal operational reviews, and collaborated extensively with regulatory agencies and local contractors. Known for building strong, respected relationships with fire agencies across northern Nevada. Demonstrated ability to design and implement policies, lead large-scale programs, and ensure operational compliance with local, state, and federal regulations, including those related to wildfire mitigation and emergency preparedness.

CORE SKILLS

- Leadership, Management & Supervision
- Regulatory Compliance & Reporting
- NDPP/Wildfire Mitigation Strategy
- Internal Audits & Risk Assessment
- Emergency Management & ICS
- Public Utility Collaboration
- EMSTransport and Compliance
- Cross-Agency Coordination
- Strategic Planning & Policy Development
- Interagency Relationships & Contract Oversight
- Technical Writing & Report Documentation

PROFESSIONAL EXPERIENCE

REMSA HEALTH — Emergency Medical Services Manager

July 2025 - Present

- Lead the daily operations of the ILS, BLS, and Special Events divisions.
- Oversee REMSA Health's Emergency Management program, including emergency preparedness, disaster response planning, and continuity of operations.
- Coordinate with Northern Nevada Public Health and regional partner agencies to develop and deliver Multi-Casualty Incident (MCI) training and Healthcare Facility Evacuation exercises.
- Develop operational policies and collaborate with public safety and healthcare partners to strengthen emergency response and organizational performance.

CARSON CITY FIRE DEPARTMENT — Fire Chief / Emergency Manager

March 2017 - Present

- Lead six operational divisions including Wildland Fire and Fuels Reduction, Fire Prevention, Emergency Management, EMS, and Administrative Services.
- Oversaw development and implementation of emergency management plans, including risk mitigation efforts aligned with NDPP-style objectives.
- Collaborated with the Public Utilities Commission of Nevada (PUCN), CalOES, and FEMA on compliance audits, disaster preparedness initiatives, and grant programs.
- Conducted internal operational reviews and after-action reports; implemented corrective actions to align with state and federal standards.
- Directed policy and procedure development to ensure operational compliance with OSHA, NFPA, and state mandates.
- Led Carson City's wildfire mitigation strategy, including formation of a full-time wildland firefighting crew and planning fuel reduction programs.
- Presented technical reports and compliance updates to elected officials and external agencies.

MODESTO FIRE DEPARTMENT — Fire Chief**March 2014 - March 2017**

- Directed departmental compliance activities including response protocols, operational audits, and emergency planning documentation.
- Managed \$28M annual budget and led agency-wide policy standardization to support multi-agency resource-sharing agreements.
- Implemented a boundary drop and resource-sharing system to improve response and reporting effectiveness across jurisdictions.
- Advocated for intergovernmental collaboration and legislative alignment with emergency preparedness standards.

MODESTO REGIONAL FIRE AUTHORITY — Division Chief of Operations**March 2011 - March 2014**

- Managed Emergency Operations and Training Division, leading compliance with regional standards and documentation protocols.
- Supervised internal policy development and led internal reviews to ensure operational readiness across 12 fire stations.
- Oversaw a \$23M budget and coordinated audits and technical reporting to government councils and stakeholders.

MODESTO FIRE DEPARTMENT — Battalion Chief / Captain / Engineer / Firefighter**1989-2011****EDUCATION**

- **Bachelor of Science - Occupational Studies** **2007**
California State University, Long Beach
