I. Call to order: Welcome and purpose

Under [Executive Order 2026-003](#), each Executive Branch department, agency, board, and commission must conduct a comprehensive review of the regulations subject to its enforcement. The purpose of this review is to identify regulations that may be streamlined, clarified, amended, or repealed while ensuring continued protection of the public and promoting an efficient, transparent and predictable regulatory environment.

[Executive Order 2026-003](#) further directs each Executive Branch entity to engage stakeholders through a publicly noticed stakeholder meeting, evaluate stakeholder recommendations and submit a report identifying proposed regulatory improvements.

During this stakeholder meeting, attendees will have two opportunities to provide comment on regulations enforced by the Nevada Department of Human Services (DHS). In addition, DHS will present regulations that the agency may recommend be streamlined, clarified, amended, or repealed. After this stakeholder meeting is concluded, DHS will submit a report to the Governor's Office by Dec. 31, 2026, that will summarize significant stakeholder recommendations; indicate whether each recommendation was incorporated into the agency's final recommendations; and, if not incorporated, briefly explain why. The report will include the final list of regulations that DHS is recommending for amendment, clarification, repeal, or other improvement.

Written comments can also be provided via email to nvdhs@dhs.nv.gov or by physical email to the address in the footer of this agenda.

No action may be taken on any matter raised at this meeting, and any subsequent changes must go through the regular regulatory review and approval process under [Nevada Revised Statutes Ch. 233B](#).
