State of Nevada EMSC Committee
4126 Technology Way Suite 100
Carson City, NV 89706

Dear Members of the EMSC Committee,

I am writing to express my interest in becoming a member of the Emergency Medical Services for Children Committee for the state of Nevada, representing the Nevada System of Higher Education. With over 25 years of experience in emergency medicine and education, I bring a wealth of knowledge and a deep passion for improving pediatric emergency medical services.

In my current role at Great Basin College, I have been fortunate to combine my experience as a Paramedic with my dedication to teaching and workforce development. I have seen firsthand the impact of effective training and education in shaping well-prepared EMS professionals, and I am committed to ensuring that Nevada's EMS system is equipped to meet the unique needs of children in emergency situations.

I am especially excited to work alongside EMS professionals, healthcare providers, and state leaders to enhance pediatric care protocols, develop training programs, and improve overall pediatric emergency services throughout Nevada. My extensive experience in both clinical practice and education will enable me to bring valuable insights and a practical perspective to the committee's work.

Thank you for considering my application. I look forward to the opportunity to contribute to the mission of the EMSC. Please feel free to contact me at 775-327-2314 or via email Jamie.carlson@gbcnv.edu for any additional information.

Sincerely,

Jamie Carlson
EMS Program Director/Paramedic

Objective

To leverage my experience in higher education and as a paramedic to support the Emergency Medical Services for Children (EMSC) Committee for Nevada. As a representative of the Nevada System of Higher Education at Great Basin College, I aim to collaborate with state leaders and EMS professionals to enhance pediatric care delivery, improve workforce training, and promote a sustainable, effective EMS system that meets the unique needs of Nevada's children and diverse communities.

Memberships

NAEMT Member
NAEMSE Member

Throughout my career, I have collected extensive experience in emergency medical services (EMS) education, clinical coordination, and patient care. Currently I am serving as the EMS Program Director and Instructor at Great Basin College, I have demonstrated my expertise in various roles including Course Coordinator, Training Officer, and Instructor for a range of Emergency Medical Courses. My responsibilities encompass curriculum development, management of all EMS programs, facilitation of clinical rotations, and administration of state and NREMT level tests to ensure student compliance and proficiency. My prior experience as a Paramedic and Advanced EMT gave me hands-on experience with multiple agencies. By providing prioritized treatment in diverse emergency scenarios and ensuring ambulance readiness it has honed my patient care skills and clinical assessment abilities in real world applications. Overall, my multifaceted background in EMS education, clinical practice, and program management positions me as a highly capable and experienced professional in the field.
