Subject: Saying no to mandatory vaccinations
Date: Monday, August 16, 2021 2:21:25 PM

Hello. My name is Amy McKay and I strongly oppose the mandatory use of the COVID 19 vaccine on our Nevada students. Please put my opposition in record. Please note:

The students in Nevada deserve to maintain their Constitutionally guaranteed right to say "no" to drugs for any reason. It is a violation of Nuremberg Code to force anyone to participate in a medical experiment (and with non-FDA approved drugs, these vaccines qualify as experimental). It is a violation of the 1st amendment to require anyone to violate his or her religious beliefs in order to participate in society and especially in children.

I have two boys and this experimental vaccine scares me with the side effects. The heart issues that are already showing in young people especially boys I will not risk them getting any heart issues due to an experimental vaccine that I do not want them to have.

No where in the constitution does it force people to get a vaccine that they do not want!

This is unconstitutional! We don't know what long term effects this will have in the younger kids years from now. So please let parents advocate for their own kids and not force us to do inject them with experimental vaccines that we do not feel comfortable giving to them.

Thank you for listening
AmyMcKay
