Subject: Corrected Copy!! Mandatory Vaccination
Date: Tuesday, September 7, 2021 8:12:10 AM

My name is Tanya Armendáriz. I'm a Correctional Officer with Nevada Department of Corrections (13 years) I speak for myself. We are in the middle of a Pandemic that is affecting all of us. I'm vaccinated. Others are arguing about their body and rights and are continuing to place inmates, myself, the public we are to protect at risk. Those unvaccinated are directed to test twice weekly but come up with excuses for why they couldn't. Those a bringing up arguments about their rights during a pandemic don't represent all the Officers and staff.

Thank You,
Tanya Armendáriz
