4. Presentation of Board and RBHC 2020 Activities
(*Rural Regional Behavioral Health Coordinator, Valerie Cauhape Haskin*)

This presentation outlines what we saw in 2020 so that we can set our priorities for 2021.

- Transportation: we had a strong start, but staff attrition has caused pause, low Medicaid reimbursement rates are problematic.
- Medicaid Reimbursement for BH Services: Major hits to state budget from COVID-19 response and mitigation have reduced our progress due to funding. We need to focus on maintaining funding for BH services.
- BH Workforce Development: Working to connect interns with Supervisors. Possible Opportunity to tap into Nevada Health Corps through the Office of Rural Health
- Data Quality and Communication: We are working with the resources we have, to set up for data collection, our largest challenge is because of COVID there is a lack of manpower.
- Board Visibility: Speak about Rural RBHC at every venue or meeting, sharing board activities on social media
- Youth, Elder and Family Services: Advocating for region to access funding. The challenge has been school districts and parental hesitation.
- Veteran Services: Participated in Nevada Governors Challenge to end suicide among service members, veterans, and families.

5. Development and Approval of Board 2021 Priorities
(*Fergus Laughridge, Board Chair and Valerie Cauhape Haskin, Rural Regional Behavioral Health Coordinator*)
