

Board of Health

Status of Promulgating Regulations Specific to the Report of Overdose

Julia Peek, MHA, CPM
Deputy Administrator, Community Services
Nevada Division of Public and Behavioral Health

Status Update

- *Emergency Regulations, signed January, 17, 2018*
 - Already receiving paper and electronic reports
- *Delay on permanent regulations*
 - DPBH tried to couple the overdose regulations with larger changes to the NAC 441A regulations
 - DPBH was pursuing electronic solutions to reporting
 - Testing of direct reporting
 - Assessing if the reporting could occur through the health information exchange (HealthIE Nevada)

Next Steps

- *Permanent Regulations*
 - Small business surveys completed
 - Public workshop held on Friday, March 22, 2018
 - Board of Health hearing on Friday, May 4, 2018
- *Develop Administrative Procedures to Track and Analyze the Reports*
 - *Paper and electronic options for reporting*
 - *Data is input into an Access Database and reviewed weekly*
 - *Utilize other data sources to track compliance with reporting*
 - *Hospital Discharge Billing*
 - *Medicaid Claims*
